

Incident Survey for Calendar Year 2011

Recognition will be given for safety performance better than average for your NAICS in Recordable Incident Rate and/or DART Rate. The most current rates available from BLS will be used for comparison.

Company Name: _____ **NAICS Code:** _____

Company's end product and/or service: _____ **Avg. # of Employees:** _____

Did your company have any work-related fatalities during 2011: Yes No

According to your 2011 OSHA 300 Log:

Column H _____ **Column I** _____ **Column J** _____ **Number of Hrs Worked** _____

(All employees during calendar year 2011, including temporary, part-time and full-time employees)

NOTE: If the total number of hours worked is not available, take the average number of full-time employees and multiply by 2000. (2000 = employee working 50 weeks, 40 hours per week)

Safety Council Use

RECORDABLE INCIDENT RATE
(Columns H + I + J x 200,000/number of hours worked) _____

DART RATE
(Columns H + I x 200,000/number of hours worked) _____

CONTACT PERSON:

Name: _____

Company: _____
